A Builder's Guide to Future-Ready Homes

 **LUTRON**® Control4®

Elevate Your Custom Home Builds

As a custom home builder, you create more than houses—you craft experiences, lifestyle enhancements, and dream homes. At Evolve Automation, we specialize in seamlessly integrating cutting-edge low-voltage systems to make every build smarter, more efficient, and future-ready.

Why Partner with Evolve Automation?

From home automation to audio/video solutions, our expertise ensures your clients experience the pinnacle of convenience and luxury. Here's how we help you stay ahead:

Expert Collaboration: We work closely with you and your team to design and install systems tailored to each homeowner's vision.

Premium Solutions: Our curated technologies include industry leaders like Control4 and Lutron, ensuring unparalleled quality and reliability.

Future-Proof Designs: With Evolve Automation, your homes are equipped to meet the technological needs of today and tomorrow.

Exceptional Quality Service: We provide an unmatched AV experience, prioritizing quality at every stage. From start to finish, we ensure our customers receive top-tier service that sets us apart.

Our Services

Home Automation

Give homeowners the power to control their environment effortlessly. From lighting and climate control to music and security, we install automation systems that simplify daily life and even add a touch of fun.

Lutron Automated Shades & Drapery

Experience the perfect blend of luxury and functionality with Lutron's whisper-quiet motorized shades and drapery solutions. Designed for seamless integration, our customizable options enhance privacy, optimize natural light, and improve energy efficiency. With expert installation, we ensure flawless performance and a sophisticated finish.

Smart Lighting

Transform the way homes are illuminated with smart lighting solutions. Our systems offer customizable scenes, energy-saving automation, and voice or app control. Whether it's creating a welcoming ambiance or highlighting architectural features, our lighting designs bring unparalleled sophistication and convenience to any home.

Audio/Video Solutions

Whether it's immersive home theaters or multi-room audio systems, we design entertainment experiences that wow. Our installations are discreet, blending seamlessly with your architectural designs but never compromising on sound.

Advanced Networking

In today's connected world, a strong and reliable network is essential. We design and install robust, high-speed systems that ensure seamless connectivity across every square inch of the home.

Alarm & Surveillance

Safety is paramount for every home. From advanced alarm systems to high-resolution surveillance cameras, we offer comprehensive security solutions that protect what matters most.

Our Process

Consultation & Planning:

We collaborate with you and your clients to understand the vision for the home, recommending the best solutions to align with their lifestyle.

Seamless Installation:

Our skilled technicians ensure each system is installed with precision, keeping your construction timelines on track.

Training & Support:

We don't just install—we educate. Homeowners receive comprehensive training, so they feel confident using their new systems.

Why Your Clients Will Love Working with Evolve Automation

Convenience: Intuitive control of their home at their fingertips.

Luxury: Sleek, modern systems that enhance aesthetics and functionality.

Peace of Mind: Reliable technology and top-notch security solutions.

Personal Approach: Tailored solutions designed to fit their unique lifestyle and needs. We never force products or solutions homeowners don't want!

Let's Build Smarter Together

Partner with Evolve Automation to deliver next-level luxury and innovation to your clients. Our expertise in low-voltage systems and dedication to excellence make us the ideal partner for your custom builds.
